Susan Lawrence Catering supplied the delectable sweets for "Sweet Inspirations," and they were indeed inspiring.

Hudson River Museum

The Hudson River Museum houses galleries, an historic home, a planetarium and an environmental gallery. Throughout the year, families gather to enjoy the weekend art workshops, special cultural events as well as art and regional history exhibits.

Proving that there's nothing sweeter than a day at the Museum, a crowd in festive attire attended "Sweet Inspirations, A Gala Evening" to benefit the Museum. The evening, which honored Con Edison and Museum Trustee Joyce Greene, featured dinner, dancing and silent and live auctions.
